ADMINISTRATION

Congratulations to the creative team of Westview Centennial Secondary School Staff and Students who have produced an outstanding yearbook!

Best wishes to our graduates and the many contributions they have made to our school life!

In challenging educational times, staff and students can reflect on the many events, field trips and outstanding student work that has been displayed in our showcases, lived on our stage, and definitely is documented in the pages of memories in this yearbook!

We are very proud of the many accomplishments of the fine young people who make Westview a dynamic school.

Congratulations to all on another excellent year!

ADMINISTRATION

As I reflect back on the 2000/2001 school year with all of it's political turmoil, one thing comes to me very clearly – the strength, determination and commitment of Westview students. In this very complex year, the student body pushed not only attaining excellent marks but also fully participated in the available extracurricular activities. For this, I sincerely thank you. This simply re-inforces what I have said for years – Westview students are the best!!!

Congratulations to the students and staff for creating an outstanding yearbook for Westview! Their hard work, positive attitude and respect is a model for all of us. We have had a particularly interesting year at Westview. Despite numerous challenges, we have focussed on academic success and personal growth. I am proud to be at Westview where everyone works co-operatively to maintain a supportive learning environment. Remember that "Math is LIFE" and that Westview is a great place to be happy.

This year has been a very challenging time for all of us. Despite the circumstances, class 2000/2001 emerged as survivors and leaders in working with Westview staff to complete the year successfully. As we reflect on the events and the teaching and learning process that took place this year, we are reminded of the hard work, dedication and commitment made by those who continue to lead and guide others. Good luck to our graduates who will be moving on to pursue their future endeavours. Have a wonderful and safe summer!

Thank you for the welcoming me to Westview, as a new Vice Principal. Westview comes across as a very special place from the moment you walk in the door. The students, teaching staff, parents and support staff give the school a warm, positive atmosphere. Westview's excellence is seen not only in the classroom, but in so many ways outside of the classroom for example the playing fields .

Graduates, I wish you success and happiness in your future plans. To those who remain, work hard at keeping Westview the special place it is, and cherish the memories you create here.

VALEDICTORIAN

Good evening , graduates, teachers, distinguished guests, family and friends.

First, I would like to welcome everyone to Westview Centennial's Commencement 2000. I am honoured to be here today as I have the opportunity of speaking to you about my experiences during my four years here at Westview. Like many of you, I did not want to come to this school. My first choice was Jefferys and my second choice was Emery. I was not accepted in either school and to this day, I do not regret it one bit. I have never imagined myself accomplishing all the things that I have done during my four years here at Westview. From my involvement as President of Student Council to being a member of a successful volleyball team, I have learned something very important: Always give the best you have and you will not be disappointed.

I am truly blessed to have such wonderful friends in my life, as they are always there to talk to about anything, they are always there to brighten my days with their smiles and they are always there to share a few laughs with after a long day's work. I truly appreciate everything they have done for me and they will never be forgotten. I would also like to express my thanks to my family who sometimes had no clue why I would do all the things I would do but were always there to help me get through it.

Many thanks to all my teachers especially Mrs.Barratt and Mrs.Chaudhary for their constant support and encouragement throughout my years here at Westview. A special thank you goes out to my favourite teacher and friend-Mr.McGee, who always goes that extra mile for others and constantly inspires not only me but also my peers to always strive for excellence. From the first day that I met him until now, he is always willing to share his wisdom on life with a story and that is truly what I will miss the most!

Today does not only mark the completion of another high school year but also the beginning of a new journey in life. I believe life is a three-part test and only the strong will survive. The first part: bad days. I know there may be days where you feel like nothing seems to be going right for you or even days when you feel like the whole world is against you, but one thing for sure-don't ever give up. Everything seems to happen for a reason in which there are no explanations but remember to always stay positive. When you have a positive outlook and learn how to greet a problem with a smile. I guarantee that you will easily be able to conquer all of life's problems. The second part of the test is happiness. The pursuit of happiness starts with you. Be happy with yourself and who you are inside. When you take the first few steps to getting to know who you are and where you want to go, you will begin to seek happiness within yourself. You choose to be either the creator or destroyer of your life in search for happiness, so make wise choices along you journey in life. Remember to smile every now and then and spread your happiness with others! Last and most important is your appreciation. Life is too short for you to waste any time so my advice to you is to live each and everyday throughout the entire year to the fullest! When you learn to appreciate what others do for you, the sunshine on a Monday afternoon, or the laughter on a child's face when they learn something new, you will definitely begin to live life. Stop and take a moment away from your work or study every now and then to actually live life and surely you will not be disappointed.

Today is also a time to reflect upon our years here at Westview. To my fellow classmates, we all have a lot in common. We all came to Westview together, scared that we would not be able to fit in, afraid we would get our lunch money stolen on the first day of school, worried we would not be able to find our way around: but look how far we have all come-together. One thing for sure is we did not expect our years here at Westview to go by so fast. During this time, we kept at heart our old friends, but at the same time, we made many new friends that became part of our endless circle of friends in life. There are many people that we meet in our lives but only a few will make a lasting impression. Look around you today graduates, at the friends that you have made here at Westview, the good and bad times that you have shared together, the tears that you both cried, the laughter that you'll always remember and most importantly, the knowledge that you have gained from one another. The path of life has many crossroads, and at each one, it's difficult to say good-bye. We may be going our separate ways but the memories of being together will always remain in our hearts and there is always a chance that our roads will cross again.

Fellow graduates, teachers, family and friends, you should all be proud, as I am of each and every graduate here today. The world is yours now fellow graduates, seize all the opportunities that await you, challenge yourself to greater heights and remember everything that I have said to you today. Keep striving for success and continue to reach for the stars as they are never out of reach. We have all come so far to only look ahead and smile. Thank you and best of luck in all that you do!

It's Me!

Hi my name is YellowGirl
I am not so beautiful like a pearl
But I am YellowGirl.

I am Seventeen and have the biggest dream
As you can see, to become an actress
So that people can laugh with me.
My life is not so great
Just like the people with the big mansions
and the big gates.

When I cry it hurts
But when you cry, it hurts even more
So I decide to open arms like a door
I hope none of us go poor
But if you do I will be there
Because I care for you.

Don't bear all these burdens alone
Because Sandy Samuels will be there
And not leave you on your own.

Sandy Samuels (grade 10)

Nothing

Nothing will change my love for you.
Leaves change from green to gold,
colours change, and seasons
change to winter, spring, fall and summer.

People change,
places change and vaules
but my love toward you will never change.

You and I are like one to me.
You're my love, my soul, my future
and my eyes.

I can never live without you.
I'd rather die than live without you.
Baby I love you more than anything in this world.
I love you so much.

Abshiro Abdullahi

School History

I can remember the time I went to school
It was my first year and it was cool
I'm seeing new faces, I'm meeting new people
Wow there is so much students, it's all multicultural
The first time I came, I got totally lost
Oh where's the stairs to my class, I'm frantic oh gosh
oh where's the pool where I'm suppose to swim
No teachers around? Let's party and grin
Let's skip some classes and sing in the hall
Oh we were so bad short and tall
Remember the library where we sit and chat
Remember no bandanas or no hat
Remember the uniform oh it's bad
But I ain't the only one so I'm just glad
Some teachers were nice and some were mean
And caretakers are here to keep the place clean
Yes everyone said they hate the school
And we think other schools are better and cool
We have our ups and we have our downs
And principals are here to keep the place sound
And that's my memory of the school history
I bet everyone has a similar story

POETRY

Advantages of Love

After every heart break,
after every cry it seems so unreal to
turn away from it,
but with you it's all different
and confusing.

At night I cry myself to sleep
and during the day I pray
and hope for the best.

Words can't deeply explain my feelings.
Thinking about you will only hurt me more
and maybe heal my pain.
I ask myself why and how.
There is so much to say,
so much to do and a long way to go.
Love can be either sweet
or too painful.

Abshiro Abdullahi

Feelings

Your touch so soft and warm.
Like the calm after a big a storm.
Your eyes so brilliant and blue.
Baby, I wish I belonged to you.
Your kiss so hungry and yet sweet.
When our lips do finally meet.
Our bodies held so close now hot.
In each others passion we are caught.
Please carry me away baby to-night.
Wrap your arms around me oh so tight.
Don't you never ever let me go.
Because darling I love you so.
Make passion last throughout the night.
Make me shine and twinkle like a star bright.
It would be the ultimate dream come true.
If only it were possible to belong to you.

You're Still The One

You're still the one
I want to love forever.
You're still the one
I want to wake up with
every morning and
snuggle with every night,
the one I want to share
my dreams with,
build castles in the air with,
the one whose hand
I want to hold when
I'm afraid,
whose shoulder I want
to lean on when I need support.
You're still the one
I want to encourage
to make your own
dreams come true,
the one I want to comfort
when you need a source
of strength,
the one I want to hold
close always.
You're still the one,
the only one,
I want to love forever.

Trip To Quebec

Last year students

Quebec

WHAT DO YOU SEE ?

CONCENTRATE ON THE FOUR DOTS IN THE MIDDLE OF THE PICTURE FOR ABOUT 30 SECONDS.

THEN CLOSE YOUR EYES AND TILT YOUR HEAD BACK.

KEEP THEM CLOSED, YOU WILL SEE A CIRCLE OF LIGHT, CONTINUE LOOKING AT THE CIRCLE UNTIL YOU SEE SOMETHING FADING IN THE CIRCLE OF LIGHT.

WHAT DO YOU SEE FADING IN THE CIRCLE OF LIGHT?

Actual labels found on consumer goods!

(Is the human race doomed?)

1. On Sears hairdryer:
"Do not use while sleeping."
(Gee, that's the only time I have to work on my hair)

2. On a bag of Fritos:
"You could be a winner! No purchase necessary. Details inside."
(Evidently, the shoplifter special)

3. On a bar of Dial soap:
"Directions: Use like regular soap."
(And that would be how. . . ?)

4. On some Swanson frozen dinners:
"Serving suggestions: Defrost."
(But it's *just* a suggestion)

5. On Tesco's Tiramisu dessert (printed on bottom of box):
"Do not turn upside down."
(Oops, too late!)

6. On Marks & Spencer Bread Pudding:
"Product will be hot after heating."
(As night follows the day . . . .)

7. On packaging for a Rowenta iron:
"Do not iron clothes on body."
(But wouldn't this save even more time?)

8. On Boot's Children's Cough Medicine:
"Do not drive a car or operate machinery after taking
this medication."
(We could do a lot to reduce the rate of construction accidents if we could just get those 5-year-olds with head-colds off those forklifts.)

9. On Nytol Sleep Aid:
"Warning: May cause drowsiness."
(And you're taking this because . . . .)

10. On most brands of Christmas lights:
"For indoor or outdoor use only."
(As opposed to what?)

11. On a Japanese food processor:
"Not to be used for the other use."
(I gotta admit, I'm curious.)

12. On Sainsbury's peanuts:
"Warning: Contains nuts."
(NEWS FLASH)

13. On an American Airlines packet of nuts:
"Instructions: Open packet, eat nuts."
(Step 3: Fly Delta.)

14. On a child's Superman costume:
"Wearing of this garment does not enable you to fly."
(I don't blame the company, I blame parents for this one.)

15. On a Swedish chain saw:
"Do not attempt to stop chain with your hands or genitals."
(Was there a chance of this happening somewhere?...Good grief)

16. On a bottle of Palmolive Dishwashing liquid:
"Do not use on food."
(Hey, Mom, we're out of syrup! It's OK honey just grab the Palmolive!)

18. On a bottle of ALL laundry detergent:
"Remove clothing before distributing in washing machine."
(Hey kids, no more swimming in the washing machine).

TRUE LOVE

When I think of my love for you
the wonder of its beauty takes my breath away.
I cannot recall the moment in time it began,
but only the overwhelming feeling of ecstasy it brought to me.

For at that moment I knew happiness.
A happiness I had never known before.
For just the thought of you gave me joy beyond belief.

The thought of being with you and being held by you was my one desire
I knew once we first met none other would ever do,
for I knew love.

I knew love as I had never thought possible in this life time.
It is a love of passion and desire.
It is a never-ending need to you,
for you, only you.

When I think of my love for you
I realize I now know the true meaning of love.
I will love you as long as this life endures and beyond,
for you are my dreams, my realities.
You are my heart
You are my meaning of true love.

A Cherished Memoir

Back in September 1999 I entered the portals of this august institution, Mr. Mayeda being the person to interview me and admitting me to Westview and finally now the time has come to show my gratitude to my school (Why does time fly so fast ??). But one thing for sure is that WESTVIEW! The very name vibrates my whole being and fills me with exquisite joy.

I am very privileged to be a part of the dashing troops of the dauntless students of Westview who in their disciplined and impressive manner hold high the esteem of Westview, no doubt incited to render their loyalty to their school.

Westview the epitome of academic excellence instilled in me values, ideals and a great sense of integrity. It has given me teachers I shall always respect, the administration staff I shall always have some fun with (from the Principal …….. to the Guidance Counselors……. to the Secretaries) and FRIENDS (my everything) who promise to sustain me for the rest of my life, love, warmth and a sense of belonging.

I look at the shy Amarjeet back home who never ever enjoyed her life like this before who knew nothing except books, but now it's not back home and it's not the same Amarjeet, now may be someone may call me a bully, that's a different story (right Mr. Henkle), but whatever it is I have enjoyed each minute and each day in the past two years that I have been here at Westview.

As I pass out of Westview I have with me some fond memories of my days here which I will cherish forever. As I view it today I see a deluge of faces and new talents coming up. I feel elated to see it rest peacefully in the lap of success as it revels in its glory day to day. I thank the Almighty for giving me the opportunity to attend Westview and pray that it may successfully flourish for years to come, and continue to make many others happy and proud to be a part of it.

I would like to conclude with an advice to all my younger peers - Enjoy these beautiful days of schooling - in your beautiful school. We all learn and will keep learning throughout our life time but rarely do we get the EXTRAS with them - Extra facilities, Extra kindness and Extra fun. Make the most of them now for who has seen tomorrow?

Amarjeet Chhabra

Thank you to all those who participated in the graduating class survey.
Results are based on tallies of surveys received.

You know you are addicted to the Internet when...

* You kiss your girlfriend's home page.

*Your bookmark takes 15 minutes to scroll from top to bottom.

*Your eyeglasses have a web site burned in on them.

*You find yourself brainstorming for new subjects to search.

*You refuse to go to a vacation spot with no electricity and no phone lines.

*You finally do take that vacation, but only after buying a cellular modem and a laptop.

*You spend half of the plane trip with your laptop on your lap... and your other stuff in the overhead compartment.

*All your daydreaming is preoccupied with getting a faster connection to the net: 28.8...ISDN...cable modem...T1...T3.

*And even your night dreams are in HTML.

*You find yourself typing "com" after every period when using a word processor.com

*You turn off your modem and get this awful empty feeling, like you just pulled the plug on a loved one.

*You refer to going to the bathroom as downloading.

*You start introducing yourself as "Jim at I-I-Net dot net dot."

*Your heart races faster and beats irregularly each time you see a new WWW site address in print or on TV, even though you've never had heart problems before.

*You step out of your room and realize that your parents have moved and you don't have a clue when it happened.

*You turn on your intercom when leaving the room so you can hear if new e-mail arrives.

*All of your friends have an @ in their names.

You know you are addicted to the Internet when...

*When looking at a pageful of someone else's links, you
notice all of them are already highlighted in purple.

*Your dog has its own home page.

*You can't call your mother...she doesn't have a modem.

*You check your mail. It says "no new messages." So you check it again.

*You code your homework in HTML and give your instructor the URL.

*You laugh at people with 2400 baud modems.

*You miss more than five meals a week downloading
the latest games from Apogee.

*You wake up at 3 a.m. to go to the bathroom and stop and
check your e-mail on the way back to bed.

*You move into a new house and decide to Netscape before you landscape.

*Your virtual girlfriend finds a new net sweetheart with a larger bandwidth.

*You never have to deal with busy signals when calling your ISP...
because you never log off.

*The last girl you picked up was only a jpeg.

*You forget what year it is.

*You start tilting your head sideways to smile.

*You leave the modem speaker on after connecting because you think it sounds like the ocean wind...the perfect soundtrack for "surfing the net".

*As your car crashes through the guardrail on a mountain road, your first instinct is
to search for the "back" button.

*The remote to the T.V. is missing...and you don't even care.

*The last time you looked at the clock it was 11:30pm, and in what seems like only a few seconds later, your sister runs past you to catch her 7am school bus.

*Your hard drive crashes. You haven't logged on in two hours. You start to twitch. You pick up the phone and manually dial your ISPs access number. You try to humm to communicate with it. You succeed.

HOROSCOPES

LEO You are very responsible and always on time. You take life seriously but sometimes you need to slow down and enjoy things as they come along. You are a hard worker and always try to achieve every goal that you have set up for yourself.

VIRGO You have emotional impulses in love but try to clear your head before you do anything that you are going to regret later. Your deep sense of reason allows you to have a good judge of character. You don't like the thought of committing yourself to anything that might hurt you in the end.

CAPRICORN You are persistent in things and you believe that if you just try hard enough things will work out for you. You will be successful in everything that you do because you have your head on straight and you know what you want in life and go for it without letting anything stand in your way.

CANCER You are always the center of attention and when you are not, you try to be. You basically crave attention and like to play hard to get. You are mysterious and try to act tough on the outside but when actually you are a total softie on the inside. You are very romantic and can make anybody feel special when you want to.

GEMINI You always have your guard up and try to protect yourself from the negative things in the world. If you keep this up, you are going to be missing out on all the wonderful things in life. You don't like to get your hopes up because with hope comes disappointment.

AQUARIUS You have to learn to go for the things that you want. The thing is that you have a problem with leading people on and not letting them know what you really want. You are patient and you know when to leave a friend alone when they are stressed and just need time.

SAGITTARIUS You have a problem with keeping secrets but you also have many yourself. You are an emotional person who cries at every sad thing. You are always saying what you think before you actually think about what you just said.

ARIES You are a mellow person who thinks before you act and in the end, the results are positive. You make a great friend who understands everything and can always make people laugh regardless of the situation.

LIBRA Winning is important to you because you are such a sore loser. You like to compete with others and that brings on a challenge for you. Challenges make your life more interesting and get you to interact with people.

PISCES You are the best friend that a girl could ever ask for! You are always busy and on the go but always have time for the important things that matter most. You are level headed and have your whole life planned down to the last minute. You are always calm and know what to do in serious situations.

SCORPIO You are hardheaded and have trouble telling people what you really mean. You don't communicate well unless you have to. You are a very secretive person that likes to keep things to yourself and you are very good at observing others. Because you are very determined, you will definitely succeed in everything that you do. You are also a very spontaneous person, which will lead you into many adventures!

TAURUS You are practical and persistent. You have a dogged determination and work like hell (when you work'). You turn most people off because you are stubborn and bull-headed and won't listen to reason even though you know you are wrong.

Yearbook Committee

* 2000-2001 *

Members:

Amarjit, Shobana, Darshanie, Karen, Misbah, Christine, Kashif, Karla, Sharmilla, Shamini, Lily, Niza, Andrew, Mithusun, Aruti, Sarwat, Lisa, Sara Q., Amy, Hien!

Finally it's over !!!!!
Yearbook has always been a very tough and stressful task to take on. We faced many problems with yearbook this year, but as a team we worked together and overcame every obstacle that came our way. Yearbook is a very tough task and it requires a lot of patience, time and most of all, teamwork. Without these three things this year's yearbook would not have been successful. We would like to thank each and every member of this year's committee for you hard work, dedication and excellent baking skills!

The staff has been extremely helpful this year, and has assisted us in an infinite amount of ways. We would like to thank Ms. Barrett, Mr. Mayeda, Ms. Sumner, Mr. Pugh, Mr. Vu, Ms. Costello, everyone in the Guidance Office and the Main Office, and Julie, and would like to apologize if we have missed anyone's name. We reallyappreciate it!

There were many ups and downs, but overall the entire experience of working with everyone on the committee has been an incredibly enjoyable one. We laughed and we joked but still worked hard. We would like to thank each and every student and staff member that purchased a yearbook, thank you for supporting us throughout the year.
To the entire graduating class hope all your dreams come true.....
